52"W Costello Chandel-Air

Product Features

Innovation never looked so good with this breathtaking custom lighting fixture that integrates ceiling fan technology. This rich; handsome design is featured in our award winning Chandel-Air collection. Enjoy beautiful light evoked from a hand hammered steel banded fixture featured in a Costello Black finish; which includes eight faux candlelights for decorative lighting and eight down lights for task lighting. Gentle breezes are produced by the fan spinning quietly in the center. In summer; the fan pushes down a windchill that circulates to keep the space cool and comfortable. In winter; the fan is reversed to pull the room air up towards the ceiling and force the warm air back down and circulate to create warmth.
