Vesta 6.5" Round Drop Light

Product Features

Inspired by one of the largest asteroids in our solar system that continuously orbits the outer reaches of space. Its rocky form has been punished over billions of years since the early formation of our planets. Our glass artisans have recreated this celestial form using a unique technique of freehand glassblowing that creates a ghostlike illumination through the white colored glass. Each handblown, sculptural piece is a unique work of contemporary art hanging from a silver leaf canopy. Approximate blown glass drop dimensions: 5.5"W x 6.5"H. Does not include transformer. Remote transformers to be provided by installer. This item is a UL recognized component to be used in a custom installation. For 220V, item is configured with halogen G4 bulb(s).
