

# Focus AL-22 Copper Area Light

## Product Features

The Focus Industries AL-22 Copper Path Light is a stylish and durable outdoor lighting solution for walkways and gardens. Constructed with a spun copper cone hat and brass components, this path light is built to withstand the elements. The MR16 housing is made of copper, while the stanchion is crafted from brass.

For illumination, the AL-22-01 model is equipped with a 3 watt OMNI-3 LED that has an average rating of 50,000 hours. The AL-22-02 model features a 7 watt ARROW Super Saver MR16 LED with an average rating of 40,000 hours. For those looking for a more traditional lighting option, the AL-22-01 model also offers a choice of 10,000 hour average rating Xenon or Halogen lamps, while the AL-22-02 model includes a 20 watt, 5,000 hour average rating Halogen MR16 lamp. The AL-22-03 model is compatible with an A19 Medium Base LED (supplied by other) with a maximum wattage of 20 watts.

The socket of the AL-22 Copper Path Light is a single contact bayonet with a brass, nickel plated lamp socket screw shell (Ba15s) and 200°C silicone lead wires. The AL-22-03 model features a high temperature ceramic medium base (E26/27) with 250°C silicone lead wires.

For mounting, the AL-22-01 and AL-22-02 models come with a black 9" ABS stake with a 1/2" NPS tap. The unfinished copper finish of the AL-22 Copper Path Light can be left as is or customized with one of the optional finishes available.

The Focus Industries AL-22 Copper Path Light is a high-
