5IN LED RETRO TRIM 700LM 27K WH

Product Features

With Juno Retrofit 2700K Soft White LED Retrofit Downlight RLD 5-inch trim modules, upgrading your existing 5-inch recessed fixture is inexpensive and nearly as simple as replacing an incandescent lamp. Modules feature a white aluminum baffle with a built-in flange. A deeply regressed diffusing lens conceals the LEDs from direct view and provides uniform aperture luminance.
