Smart EZ-Link 24W LED Flush Mount

Product Features

Part of the ARTCRAFT EZ-Link collection of smart enabled lighting devices, the Smart LED Flushmount has unlimited functionality. To start off the design is superb with a very thin profile and clean white casing. This flushmount has a dual light system. It has a configurable main lighting system, and on the back it has a secondary light source that can be set to any color of the rainbow. Since this unit is smart enabled it can be controlled from any mobile device or smart speaker. Functionality from your mobile device is endless set timers, dimmers, colors, and more from anywhere in the world since it works via wifi (no hub required).
