

# Piston Outdoor with LED Light 52 inch

## Product Features

Taking cues from the early American Industrial Age, this fan is a unique blend of inspirational styles. The Piston gets its name from its likeness to machine pistons from old, large machinery. Clean lines and slick finishes combine with the mid-century blade design to provide a look that is undoubtedly modern and truly Casablanca, Worlds Finest Ceiling Fan. This damp-rated fan was built to withstand the elements making it a perfect fit for areas exposed to moisture and humidity. Constructed with stainless steel hardware, the Piston is a unique addition to your large sunroom, patio, or bathroom boasting an industrial interior design style.
