56in Correne-Fresh White

Product Features

The Correne is inspired by Scandinavian interior design, specifically the mid-century use of bent plywood and techniques found in contemporary furniture aesthetics. Dimmable, energy-efficient LED bulbs shine through the cased white glass illuminating the room with a soft light. The contortional movement of the ribbon-like blades is the standout feature, while the minimal metal and glass elements add just the right amount of subtlety to offer an intimate sensibility that blends with a wide variety of decor.
