

# 44in Durant-Maiden Bronze

## Product Features

With simple styling that works almost anywhere, the Durant low-profile ceiling fan is a perfect fit for the rooms in your home with low ceilings. The traditional style is a bit reminiscent of the futuristic Bel Geddes automobile designs of the 1930s. The repetition of form in the clean curved lines interplays with the extravagantly rounded features to create the perfect archetype for traditional low-profile fans. This fan is powered by a reversible, four-speed Direct Drive motor providing unparalleled power, silent performance, and reliability over decades of daily use.
