44in Wisp-Pewter

Product Features

A contemporary design with a little flare of retro, the Wisp LED ceiling fan brings a balance of finesse and joviality into your home. The unique curvature in the blades adds a touch of personality to an otherwise clean, elegant design. The Wisp features an integrated light kit with a dimmable, energy-efficient LED bulb that shines a soft light through cased white glass. The result is a composition with an elegant, airy aura that will inspire joy and comfort throughout the entire room. From the makers of the Worlds Finest Ceiling Fan.
