# 56in Caneel Bay-Maiden Bronze

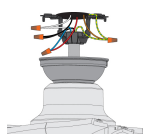

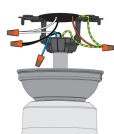

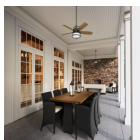

## Product Features

The combination of a nautical theme with an industrial edge gives the Caneel Bay a look entirely its own. This rustic, nautical ceiling fan takes cues from 1950s American Industrial, when exposed hardware was an integral part of the design, and integrates this approach throughout each element of the fan. This outdoor ceiling fan features a reversible, four-speed Direct Drive motor providing unparalleled power, silent performance, and reliability over decades of daily use. Designed to withstand the elements using stainless steel hardware, the Caneel Bay damp-rated fan is an ideal addition to any areas exposed to moisture and humidity like your large sunroom or patio. A convenient wall control allows you to change fan speeds and adjust the energy-efficient LED lights of your Caneel Bay with ease.
