## Product Features

The wide blades and flowing current lines on the Wailea motor housing elicit a natural twirling movement like the petals of a blooming hibiscus. Ideal for smaller spaces, this fan is specially designed with a 25% blade pitch to keep your room feeling perfectly cool. The 31-inch blades of this small outdoor ceiling fan are powered by a reversible, four-speed Direct Drive motor delivering unparalleled air movement, silent performance, and reliability over decades of daily use.
