

54in Commodus- Brushed Nickel

Product Features

The Commodus modern ceiling fan with light features a contemporary yet casual design making it a unique ceiling fan for transitional room styles. With a 10.5-inch compact ultra-low-profile design, the Commodus fits snug to the ceiling for powerful air performance without sacrificing style or space in rooms with low ceilings. The performance ceiling fan blades are optimized for efficient air movement and performance. The Commodus fans preinstalled remote receiver makes installation easy and the LED light module means you won't be changing bulbs as frequently. This 54-inch large ceiling fan is perfect for bedrooms, living rooms, fitness rooms, and dining rooms. From the makers of the Worlds Finest Ceiling Fan.
