Remi Table Lamp

Product Features

The heavily distressed Remi Table Lamp is made of terracotta that has been given an exquisite depth by artisans who have dripped green and dark red glazes onto its surface. The bronze gold finish of the hardware enhances the patina by giving the lamp the feel of aged copper. Due to the artisanal aspects of this lamp, each one is truly a one-of-a-kind creation. The only thing that remains predictable on each one is the flax linen shade.
