

Musing Table Lamp

Product Features

Like a lovely oversized flask of light, the rustic metallic bronze glaze on the Musing Table Lamp could cause unrestrained bouts of contemplation when the light is switched on. The natural pitting of the glaze adds interest to the distinctive shallow depth of its elongated body, as does the metal plinth-like base that has been treated to a bronze finish for resonance. The lamp is topped with a khaki linen shade to make it a composition you will enjoy contemplating.
