# Otto Table Lamp

## Product Features

Everyone knows the globe is round but the world of a room will revolve around the oh-so-square Otto Table Lamp once it hits the scene. The intermingling of antique brass and oil-rubbed bronze finishes on the metal lamp make this a study in clean-lined virtuosity, particularly given the edged metal shade is just as chic as the rest of the linear composition. Place the Otto in a home office or in a library to bring geometric intelligence to the space.
