Villette White Table Lamp

Product Features

Extending daintily from a ball of white marble with gray veining, the thin stem of the Villette White Table Lamp is made of metal in a polished nickel finish. At the very spot where the bone linen shade culminates at its bottom-most point and just above the base are the subtlest of accents that bring this white and silver table lamp its sophistication and charm. Tom Caldwell designed the Villette, which we also offer in a black version.
