radiant SLFTST TR RECP/NLITE GFI 20A GRY

Product Features

Ideal for replacing outlets by kitchen or bathroom sinks, this combination device from the radiant Collection includes a tamper-resistant GFCI outlet paired with a sealed, built-in LED light which automatically turns on in the dark for easier nighttime navigation. Designed for safety, this self-testing GFCI outlet complies with National Electrical Code and makes trips easier to recognize and fix than GFCI breaker alternatives, thanks to accessible indicator light and reset button right on the outlet. 20A outlets are ideal for use with larger appliances, as well as to meet regional requirements (Chicago, Canada). Made exclusively for use with screwless Wall Plates from the radiant Collection, sold separately.
