

12V 3000K LED 3" Hardscape 3000K Textured Architectural Bronze

Product Features

The 12V LED Hardscape light is an integrated, fully sealed LED fixture with a 270 pivot rotation from a mounting bracket which allows you to place the light precisely where it's needed. The 3" length option fits most design applications with a 3000K color temperature in a Architectural Bronze (AZT) finish. Custom optics ensure smooth, uniform light distribution virtually eliminating any hotspots or glare. Integrated with a 4kV surge protection to defend against power surges and irregularities.
