8T 1' 2200K 24V High Output LED Tape Light

Product Features

Simplify and speed up your tape light installations with the 8T Series of Commercial Grade LED Tape Light. The tape includes connector bases at each end, and at each 4" cut mark, that integrate with our patent-pending, push-in connector accessory system. The tape also features a double layer of copper for increased run lengths with less voltage drop. Utilize this 12", 2200K High Output section as a patch between lengths or smaller sections within an installation.
