Lenox Exterior Wall Light

Product Features

High power LED exterior wall mount fixture intended for use as a downlight. Lenox's die-cast aluminum housing is 8-inch square in its front view, but as the viewer moves to the side the fixture's profile becomes a gently swept curve suggestive of a water drop or perhaps a ship's sail filling with wind. Lenox aimed downwards through its polymeric diffuser lights both the mounting plane and floor. Lenox is available with black finish.
