

Besa Brio 7 Cord Pendant

Product Features

The Brio 7 is a wide yet compact handcrafted glass, softly radiused to fit gracefully into contemporary spaces. Our Gold Foil glass is sparkling and metallic. Distressed metal foil is applied to the inner surface of a glossy clear blown glass. This décor is full of textured and depth, however the outer surface of the glass is smooth. When lit the glass comes to life, as the distressed foil allows glimpses of light to pass through. This blown glass is handcrafted by a skilled artisan, utilizing century-old techniques passed down from generation to generation. Each piece of this décor has its own artistic nature that can be individually appreciated. The 12V cord pendant fixture is equipped with a 10' braided coaxial cord with Teflon jacket and a low profile flat monopoint canopy. These stylish and functional luminaries are offered in a beautiful brushed Bronze finish.
