Besa Camino Stem Pendant

Product Features

Camino is a softly tapered narrow cylinder, creating a refined contemporary look. Our Opal glass is a soft white cased glass that can suit any classic or modern decor. Opal has a very tranquil glow that is pleasing in appearance. The smooth satin finish on the clear outer layer is a result of an extensive etching process. This blown glass is handcrafted by a skilled artisan, utilizing century-old techniques passed down from generation to generation. The stem pendant fixture is equipped with an adjustable telescoping section, 4 connectable stem sections (3", 6", 12", and 18") and low Profile flat monopoint canopy. These stylish and functional luminaries are offered in a beautiful brushed Bronze finish.
