Besa Groove Cord Pendant

Product Features

The Groove is a unique piece comprised of multiple segments of two-way mirrored glass, with a frosted band that displays when lit. Our Mirror/Frost glass is a mirrored glass, with a frosting carefully applied to conceal the light source. When off, the glass is completely reflective and appears as a mirror. But when illuminated, the glass has an edgy display that exudes an energetic mood, while the frost glows brightly from the lamping. This handcrafted glass uses a process where every glass is consistently produced using an extrusion, keeping variations to a minimum. The 12V cord pendant fixture is equipped with a 10' braided coaxial cord with Teflon jacket and a low profile flat monopoint canopy. These stylish and functional luminaries are offered in a beautiful brushed Bronze finish.
