# Besa Groove Vanity

## Product Features

The Groove is a unique piece comprised of multiple segments of two-way mirrored glass, with a frosted band that displays when lit. Our Mirror/Frost glass is a mirrored glass, with a frosting carefully applied to conceal the light source. When off, the glass is completely reflective and appears as a mirror. But when illuminated, the glass has an edgy display that exudes an energetic mood, while the frost glows brightly from the lamping. This handcrafted glass uses a process where every glass is consistently produced using an extrusion, keeping variations to a minimum. The vanity fixture is equipped with decorative lamp holders, removable finials, linear rectangular housing, and a removable low profile oval canopy cover. These stylish and functional luminaries are offered in a beautiful Chrome finish.
