Besa Hoppi Vanity

Product Features

The Hoppi features a wide cone-shaped glass, that demonstrates contemporary sensibilities. Our Marble glass is a pressed glass that features swirls of white throughout semi-translucent frost, to create a faux alabaster appearance. An arched clear rod acts an accent, beautifully playing with the illumination of the fixture. When lit this gives off a light that is functional and soothing. The smooth satin finish on the clear outer layer is a result of an extensive etching process. This handcrafted glass uses a process where every glass is consistently produced using a press mold, keeping variations to a minimum. The vanity fixture is equipped with decorative lamp holders, removable finials, linear rectangular housing, and a removable low profile oval canopy cover. These stylish and functional luminaries are offered in a beautiful Chrome finish.
