Besa Juni 10 Wall Pendant

Product Features

The Juni 10 Blue Wall Pendant is a transitional wall sconce design composed of a transparent blue glass cylinder, with an interesting bubble pattern blown randomly throughout the glass. The pleasing play of light through each shade's bubble accents make for a striking affect along with the prominent display of the lamp filament behind the glass. The rectilinear styled wall canopy includes standoff, cord support loop, and adjustable 10' suspension cord. These stylish and functional luminaries are offered in a beautiful brushed Bronze finish.
