## Besa Paco 12 Ceiling

### Product Features

The low-profile Paco 12 flush mount uses a multi-layered glass, with two cylindrical sections fused together onto a flat white glass. The top portion is opal glossy glass with a contemporary polished finish, and the bottom is a clear blown glass with an outer texture of coarse sandstone resembling the beautiful cut patterning of a rock formation. The tranquil glow has a low key harmonious display that exudes a warm mood. When lit the glass is vitalizing as well as stylish. The clear blown glass is contemporary yet timeless, and will suit any classic or modern decor. When lit, the clear glass shimmers and sparkles with the accents from the light source.
