Besa Pahu 16 Ceiling

Product Features

Pahu is a distinctive double-glass semi-flush mount ceiling fixture with an inner opal cylinder centered within a transparent outer glass. Our Trans-Amethyst colored blown glass complements the soft white Opal cased glass, which can suit any classic or modern decor. Opal has a very tranquil glow that is pleasing in appearance, as the Trans-Amethyst glass sparkles with the accents from that glow. The smooth satin finish on the opal's outer layer is a result of an extensive etching process. This blown glass combination is handcrafted by a skilled artisan, utilizing century-old techniques passed down from generation to generation. The semi-flush fixture is equipped with a 3-socket cluster on a low profile flat canopy, with machined and plated glass holder hardware. These stylish and functional luminaries are offered in a beautiful Satin Nickel finish.
