## Besa Pahu 4 Vanity

### Product Features

The Pahu is a distinctive double-glass pendant, with an inner opal cylinder centered within a transparent outer glass. Our Trans-Amethyst colored blown glass complements the soft white Opal cased glass, which can suit any classic or modern decor. Opal has a very tranquil glow that is pleasing in appearance, as the Trans-Amethyst glass sparkles with the accents from that glow. The smooth satin finish on the opal's outer layer is a result of an extensive etching process. This blown glass combination is handcrafted by a skilled artisan, utilizing century-old techniques passed down from generation to generation. The vanity fixture is equipped with decorative lamp holders, removable finials, linear rectangular housing, and a removable low profile oval canopy cover. These stylish and functional luminaries are offered in a beautiful Chrome finish.
