## Besa Phantom 6 Vanity

### Product Features

The Phantom 6 Clear vanity is composed of clear glass bell-shaped shades mounted onto a softly curved flat rail bracket, with an interesting cascading optical pattern blown as an additional transparent layer along the top outer wall of the glass. The dramatic play of light through the sculpted layer and onto adjacent surfaces make for a striking affect, along with the modest display of the lamp filament behind the glass. These stylish and functional luminaries are offered in a beautiful brushed Bronze finish.
