Besa Pogo Stem Pendant

Product Features

The Pogo Black/Gold Ceiling is a playful double-glass, with a white glass lamp shield centered in a radiused glass ring. Our Gold Foil glass is sparkling and metallic, casting a compelling glow when illuminated. Distressed metal foil is applied to the inner surface of a glossy black blown glass. The gold inner color complements the soft white glass, which can suit any classic or modern decor. And also available without the lamp shield for an exposed lamp design. The stem pendant fixture is equipped with an adjustable telescoping section, 4 connectable stem sections (3", 6", 12", and 18") and low Profile flat monopoint canopy. These stylish and functional luminaries are offered in a beautiful brushed Bronze finish.
