Besa Rocky Cord Pendant

Product Features

The Rocky Black Pendant features a unique globe shade that enhances the beauty of shimmering glass with the visual advantages of cut metal, which results in a compelling optical display in a smartly modern design. With random stenciled openings placed throughout the bottom portion of this pendant, the concealed light source focuses the eye through the multi-dimensional sightlines while allowing for a eye-catching sparkle from the exposed clear glass and dramatic play of light through the accents and onto adjacent surfaces. The cord pendant fixture is equipped with a 10' SVT cordset and an low profile flat monopoint canopy. These stylish and functional luminaries are offered in a beautiful brushed Bronze finish.
