Besa Sonya 20 Ceiling

Product Features

Sonya's Satin Frost glass is suspended near the ceiling by three decorative twist-lock clips. Our Frost glass is clear pressed glass that has been etched to diffuse the light, resulting in a semi-translucent appearance. Unlit, it appears as simply a textured surface like satin, but when lit the glass has a calming glow. The smooth satin finish on the clear outer layer is a result of an extensive etching process. This handcrafted glass uses a process where every glass is consistently produced using a press mold, keeping variations to a minimum. These stylish and functional luminaries are offered in a beautiful Polished Nickel finish.
