Costaluz 3533 Series Sconce

Product Features

The 3533 Outdoor Wall fixture is a modern sconce design composed of a transparent glass diffuser, with an interesting bubble pattern blown randomly throughout the glass. The pleasing play of light through each shade's bubble accents make for a striking affect along with the prominent display of the lamp filament behind the glass. The contemporary styled "metal" accent actually consists of molded glass with a durable painted finish, which combined with the stainless steel fitter results in a non-corrosive assembly.
